TRUSTGARD SERIES

WINDOW STYLES

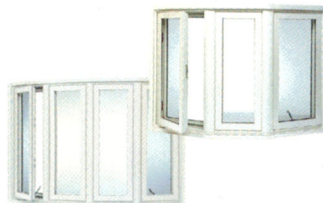

Double Hung

The TrustGard Series double-hung windows are made with thermal and structural performance in mind. This high-performance vinyl window makes maintenance a thing of the past. Our double-hung window comes in standard colors of white or Beige and offers unlimited exterior options.

Casement

Casement and awning windows are an unbeatable combination of beauty, versatility, and technology that create a unique look. With effortless crank handle operation and weather tight seal, the casement or awning window is the natural choice for your home improvement needs. The added security of the multi-point locking system is standard.

Bays & Bows

The traditional design of the Bay window allows any homeowner to add style and value to their home with the assurance of unsurpassed quality and beauty.

Add an elegant look to your home with the Bow window. The quality of our construction is the best in the industry. This design adds variety to any decor while allowing you to enjoy an expansive outdoor view.

Garden

Bring the outside into your home with the addition of our garden window. Our garden window has an exclusive hardware design that keeps window operation and locks within easy reach so that you can enjoy the outdoors without any inconvenience.

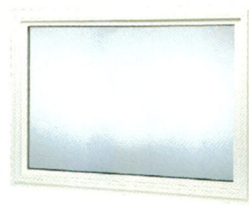

Slider

Consider the TrustGard Series vinyl sliding window for a contemporary look and modern style. The smooth-operating brass rollers provide convenience and durability. These windows are a perfect addition to any room and will coordinate with any decorating theme.

EZ Tilt

A unique window design, the EZ Tilt will slide open as a slider and will also tilt, like a casement. Benefits of this window include an almost unobstructed view while also allowing for maximum ventilation. Cleaning of both sides of the window can be done from inside the home. It makes for an extremely secure window from the outside while making it an excellent emergency exit.

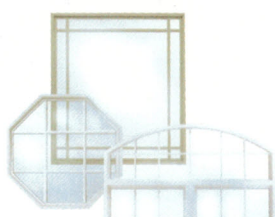

Fixed Lights

Fixed light windows are assembled with effective insulating low-energy glass sealed units. For this reason, large glass areas are no longer synonymous with huge heating bills. The fixed window frame is ideal for places where lots of light is desired, or as a exterior architectural design element in glass or to optimize a panoramic view.

Doors

TrustGard sliding patio doors offer you a low maintenance entrance while giving you a full view of the outside. Constructed of a heavy duty frame, it offers superior thermal performance that is resistant to wind, rain and snow.

Shapes

The TrustGard Series window comes in an almost endless number of architectural and geometric shapes. Half rounds, quarter rounds, eyebrows, ovals, triangles are just a few of the possibilities. From the inside you will gain new decorating options and light entering the room. Plus, from the outside you will add distinctive architectural design elements. By adding shapes and fixed lights to operating windows you can create focal points for your home.

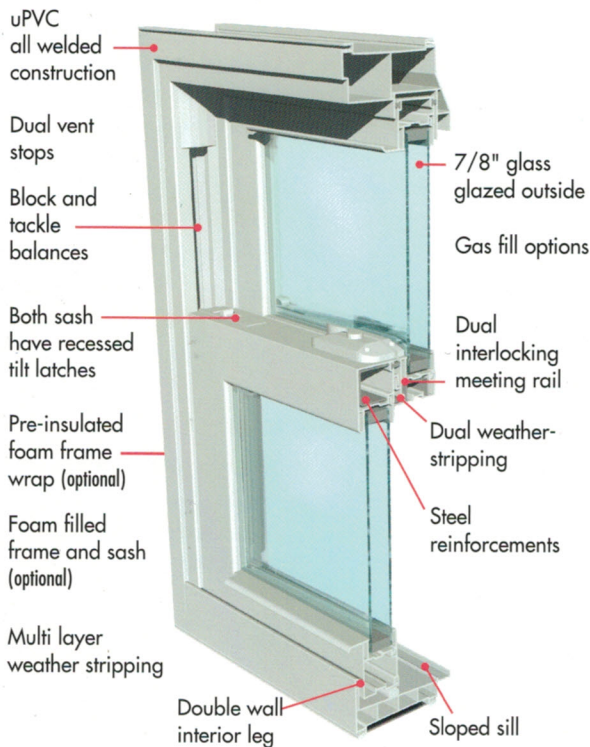

Glass Options

Your choice of double or triple pane, low-E glass options and gas fill will directly affect the efficiency of your new windows. We offer a variety of options to fit your region of the country and your budget. Our eK2 and eK366 glass options along with argon or krypton gas fills are options that you will want to discuss with your window representative.

 **eK2™**

 **eK366™**

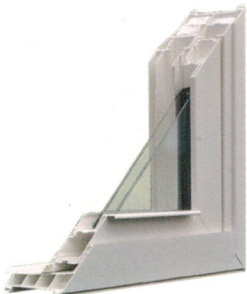

Double Pane

Triple Pane

- Super Spacer® Standard
- uPVC Multi-cavity all welded construction
- 7/8" Insulated glass
- Block and tackle balances
- Tilt-in sash
- Heavy Duty adjustable keeper(s)
- Forced entry approved vent latches
- Extruded screen frame

Double Pane

The TrustGard is a heavier all welded vinyl construction and it also offers a foam filled option increasing the over-all R-Value of the window. This is one of the most energy efficient windows we offer giving you years of increased energy savings.

Triple Pane

If you are after one of our top performance windows, this is it. The triple glass feature gives you one of the most efficient windows on the market today.

OPTIONS

Standard Color Options

Standard interior window colors are white and beige. Optional wood grain finishes are light oak, dark oak, and cherry.

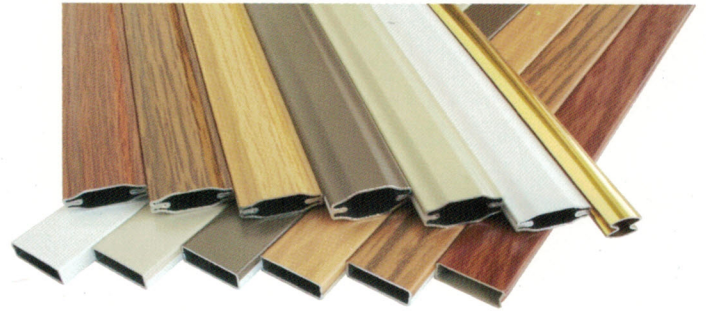

Exterior

Interior

*May Require Extended Lead Times

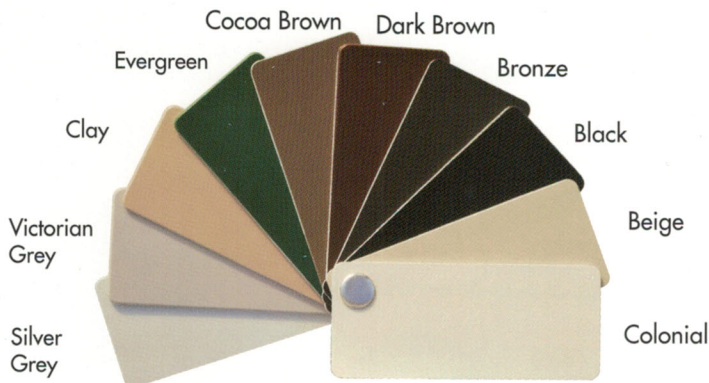

Custom Exterior Colors

Standard exterior colors are white, beige, cocoa brown, and clay. Optional color choices include ten standard colors in a semi-gloss finish. In addition to the ten custom colors, **we can custom mix a color** to your specifications. All you need to do is send us a sample of the color you would like. In all cases the finish is extremely UV resistant and comes with a twenty year warranty.

Mix and Match

Wood grain is available with all standard and custom colors which may require extended lead times. Colors are only representative of the actual vinyl colors and painted colors. For a more exact match refer to actual vinyl and color chip samples.

Grille Options

The dust-free grilles are placed in the air space between the window panes. They are offered in seven different colors and three styles; brass pencil, sculptured and flat.

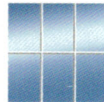

Brass Pencil

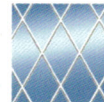

$\frac{3}{4}$ " Sculptured

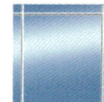

$\frac{5}{8}$ " Flat

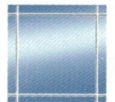

Colonial

Diamond

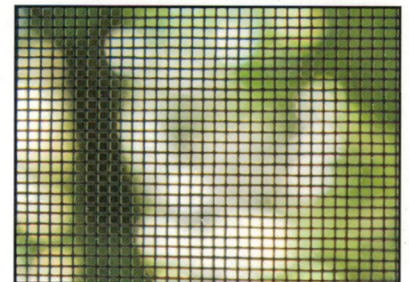

Modified Prairie

Prairie

Screens

All of our windows come standard with a heavy duty extruded aluminum frame half screens. Full screens are available. Unlike the old screens of the past, our new screens are made of a fiberglass cloth.

TRUSTGARD SERIES

Looking for a replacement window that is a real heavy weight and has the most available options? If so, the TrustGard Series is just the window to consider. Of our family of windows, the TrustGard has the heaviest vinyl with an all welded construction. When combined with our standard Super Spacer® system and our glass, gas and foam fill options; you can achieve one of the most energy efficient windows available on the market. This window also offers equal glass which gives you a more traditional look.

The benefits don't stop here.

The TrustGard Series offers more options in colors, glass, and grilles than any of our window lines. So, if you want as many options in appearance and construction, the TrustGard Series window is an obvious choice.
