Choice is a beautiful thing.

Royal® Crest Siding comes in a selection of styles that vary by width and pattern. They all capture the look of natural wood in their own way, while defying the effects of time and weather.

- **.040" thick panel**
- **Available profiles: D4, D4D, D45D, D5, D5D, D4 Vertical & S8**
- **Beautiful low-gloss cedar woodgrain captures the look of natural wood**

A sustainable choice is even better.

Not only is Crest Siding available in a wide selection of colors and profiles, it's also remarkably green. Lightweight, yet durable, it never requires painting or staining. For Crest, sustainability is a lifestyle, not a fad. From production, which starts in facilities that recycle virtually all scrap materials, to manufacturing, transportation and installation (did we mention no hazardous materials are emitted when it's cut into?) it's a clear frontrunner in the cladding game.

- **Manufactured from recyclable materials**
- **Rivals cedar in overall green performance**
- **1/3 the environmental impact of fiber cement**

Express your outer feelings. Start with the right color.

When it comes to how your siding presents itself, color is crucial. So we pay attention to what's trending and what works. Choosing your own colors can be fun, but a bit overwhelming. If you need a nudge, get ideas and tips from our color combination tool at RoyalBuildingProducts.com/RoyalColorCombos.

Combine shades to amp up your curb appeal.

We develop our colors to keep their eye candy promises, no matter which ones you choose. How you organize and mix those colors can have a tremendous effect on the curb appeal of your Royal® Crest Siding.

Looking to add depth to a lighter featured color? Complement it with a deeper blue or tan in the porch area. Also, play with darker shades in windows and trim to add a flash of personality. If you're using a deeper shade in the main area of your exterior, add a more neutral color in the gables to bring the natural world into the color scheme.

D4V and S8 only available in White. Actual siding color may vary slightly from printed brochure.

We'll get you to your "wow" place.

Achieving the exterior that expresses your home the way you want it takes time, thought and the right combination of siding, trim, accents, color and dimension. But the experience doesn't have to be painstaking or frustrating.

We're here to make exterior home design exciting—whether you're searching for a complementary fusion of styles and textures or the homerun palette that takes your home to the next level. In addition to our products, we offer inspiration through LiveAbode™, our online design magazine. It will fuel you all year long with trending ideas, tips and thoughts on everything from maximizing landscaping space to upcycling lighting fixtures.

Fine tune your outer awesome.

Make siding, trim and color featured players in your design story. Use our HomePlay™ online design tool to see how different exterior elements work. Start by checking things out on your own home, and keep playing until you get to the perfect expression of your style.

Easy on the accents

For a lighter touch, keep the lines and complementary accents clean, and the ornamentation to a minimum. Use standard window trim and corner posts for an understated profile.

Enjoy all the trimmings

Bring your exterior further out of its shell with wider Conceal™ Corner and Window Trim and Royal® Window Shutters. Complement with Portsmouth™ Shake & Shingles Siding in a contrasting color and texture in the gables. Use Royal® Column Wraps on your porch as a last emboldening detail.
